Updates: Amphitheater Improvements in Phase I (drainage to fix water problems) Creating some viewing platforms for people in wheel- chairs and improving walking paths from both field house and parking places (still awaiting Engineers' approval); Phase II remove the bunkers and start new phase for stage improvements. Longer term vision: a true performance stage that includes overhead coverage.

Rose Garden Project that includes removal of bricks and cobblestones in favor of pavers is a response to the Rose Garden Society concern about slippage. Concerns and changes to the historic character of the Rose Garden have been voiced.

Convert the swimming pool into Olympic size – will encourage competitions and generate income. Also, a splash pad for the babies. Projected to be a 2 year project necessitating closure of the pool beginning in 2026 (not out to bid yet).

In discussions with SU maintenance along Ostrom – Parks Commissioner will meet with SU to try and amp up other responsibilities like mowing, stump grinding, clearing overgrowth of basketball and tennis courts, etc.

Walking paths will be completed in the spring with trail markers and a public art project by a local artist.

Concluded with announcing Thornden Park Pop-Up event this Saturday to sell merchandise as a fund raiser.

Ashley Kennard, Barry Park Association – Reached out to the Syracuse Parks Conservancy to receive some help with funding. Met informally with the Parks Department regarding the need to do a major overhaul of the playground. Reaching out to both Magnarelli and May for directing some funds to Barry. They do have \$200,000 from Parks – the goal is \$500,000.

In support of the Ed Smith “Bike Bus”, Barry Park Association are endeavoring to get a bike repair station.

In June they will be in charge of the fun run which was formerly an UNPA event.

They hope to create a storage unit for the soccer teams, leaving more room in the field house. They successfully blocked off the parking lot exit by the walking path.

They have not made much progress on getting the bathrooms accessible from the outside door. In the meantime, there are outhouses.

Jack Brower – Comfort Tyler Park

Mostly active in summer months with popular splash pad. They take pride in the diversity of residents who enjoy the park. They do not have a particular association. They are considering approaching Rachel May about funding a capital project to create art in the park. Was suggested that he reach out for a greening grant from the Syracuse Parks Conservancy.

Jack briefly mentioned that Homer Wheaton Park near Mountainview Ave., has bathrooms and a pickleball and basketball court.
